HTML/CSS | JavaScript | Bootstrap | MySQL

Project: Chandigarh Online Help Desk

PROJECTS

Marcel.ai

- Publicis Groupe's Social + Learning Portal for employees.
- Wrote the code for Employee Profile Page and added the functionality to fetch employee details from LinkedIn Profile API.
- Re-wrote code for other PS Vox (clone to Marcel) pages.

Mobile COE

- PS's in-house framework for fast-pacing app development process.
- Learned clean architecture and wrote code for reusable components.
- Documented code for REST API (JSON) and GraphQL.

REACT.JS

Q.KART, ECOMMERCE STORE

- Implemented the core logic for authentication, shopping cart and checkout.
- Improved UI by adding responsive design elements for uniform experience across different devices.
- Utilized REST APIs to dynamically load and render data served by the backend server.

REACT JS

X.FLIX, VIDEO SHARING PLATFORM

- Video sharing platform which hosts videos for the world to watch.
- Improved UX with multi-select filters, image carousels.
- Features include uploading new videos by using external video links and playing these videos.

JAVASCRIPT

TASKS TODO, FEATURE APP

Created responsive web pages using HTML/CSS and made them dynamic using React, Context API.
